

On page 8, please replace the description of Figure 5 with the following description.

Figure 5 is a sequence comparison of the AAV2 VP1 capsid protein (SEQ ID NO: 24) and the AAV5 VP1 capsid protein (SEQ ID NO: 4).

REMARKS

The errors listed on the Raw Sequence Listing Error Report have been corrected. Specifically, the AAV2 VP1 amino acid sequence disclosed in Figure 5 is now listed as SEQ ID NO: 24 in the Sequence Listing and the description of Figure 5 is amended herein to properly refer to this sequence. Enclosed herewith is a diskette containing the Sequence Listing in this application in computer readable form (CRF) and a paper copy of the Sequence Listing in compliance with 37 C.F.R. § 1.821-1.825. Applicants hereby certify that the information in the computer readable form on the diskette and in the hard copy of the Sequence Listing is the same and includes no new matter. The enclosed computer readable copy and paper copy of the Sequence Listing are believed to bring the Sequence Listing into full compliance with the sequence rules, thus overcoming this objection.

The Examiner is invited and encouraged to directly contact the undersigned if such contact may enhance the efficient prosecution of this application to issue.

No amount is believed to be due; however, the Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 14-0629.

Respectfully submitted,
